Sen. Linares, Art; Bowden, Scott
Senate Bill 816

To Whom It May Concern –

My wife & I strongly favor Senate Bill 816 which will finally allow our small town of Haddam to share equitably in the state's education cost sharing grant. This fairness legislation is long overdue & worthy of passage. For far too long – Haddam has been shortchanged in its opportunity to collect its fair share of revenue from the state for education costs.

It's time to make things right!

Respectfully,

Scott & Debbie Bowden
